D.W. MORGAN EXTENDS SUPPLY CHAIN AND LOGISTICS SERVICES TO PHILADELPHIA

PLEASANTON, Calif., February 8, 2009 — The **D.W. Morgan Company** has expanded its award-winning **supply-chain management and transportation logistics services** to Philadelphia.

The new operation ensures last-mile delivery for a daily air shipment required by a technology company and also will include dedicated ground transportations runs from Texas and Tennessee.

"Our partners in Philadelphia require dedicated trucking with real-time visibility into the supply chain and their shipments," says David Morgan, company CEO. "We've been doing business in the area for years and establishing dedicated operations there will enable us to better serve key clients."

D.W. Morgan is dedicated to providing customers with precise and consistent service over their entire outsourced supply chain. Unlike the larger supply chain and logistics companies, D.W. Morgan's size allows them to create solutions to specifically resolve customers' unique issues. "Customers don't need to find a way to fit our services," says Morgan. "We can flex our services to meet their requirement."

About D.W. Morgan Company

D.W. Morgan Company helps the world's top manufacturers provide Supply On Demand® for their clients. By combining transportation management and logistics services with a flow of coordinated, real-time information and strategic consulting, Morgan dramatically improves efficiency and reduces costs—while maximizing flexibility.
